Description

Handmade Incense

Handmade

Contents: 9 extra long thick rods

Duration: each stick lasts 50 minutes

Composition: White sage leaves, frankincense, copal, charcoal and plant-based binder.

Sage, due to its high esoteric power, is widely used to attract healing, spiritual protection, auric cleansing and abundance. The smoke resulting from burning its leaves is used as an environmental purifier, especially in commercial establishments, as it helps generate peace and economic prosperity.
